

RTX-9

TURBO FG (FOOD GRADE)

RTX-9 TURBO FOOD GRADE PRODUCT OVERVIEW

Food Grade Heavy Duty Cleaner-Degreaser

Features:

- Conforms to the AIB, Food Safety Modernization Act and California Clean Air Rule 1171
- 100% food-safe
- 100% non-toxic
- No health warnings
- Hypoallergenic
- Requires no personal protective equipment
- Biodegradable

Cleans surfaces so well you can eat off of them (really)

Unlike any cleaner of its kind, RTX-9 Turbo Food Grade (FG) is a powerhouse cleaner formulated specifically to meet the needs of those in charge of maintaining food transportation, food processing and food storage areas. Strong enough to tackle the toughest cleaning jobs, the industrial-strength RTX-9 Turbo FG is lab tested and proven 100% food safe and free of health warnings.

Compliant with the Food Safety Modernization Act (FSMA) guidelines, RTX-9 Turbo FG can be put to use cleaning food production and packaging machinery, tank cars and refrigerated fleets and anything else you throw at it – all without the need for personal protective equipment.

Effective, powerful and 100% food and people safe. It might be the last cleaner you'll ever need.
